

Help prevent inhalant abuse and medication abuse in your community.

Become a Trained Community Partner

Live online training provided by the Northern New England Poison Center in partnership with Communities United for Substance Abuse Prevention. Approved for Certified Prevention Specialist credit.

Learn how to use the Trained Community Partner Kits to teach adults or students in your community about substance abuse trends and prevention.

Kits available at CUFSAP:

- Middle School Inhalant Abuse Prevention
- Adult Inhalant Abuse Prevention
- Middle School Medication Safety
- High School Medication Abuse Prevention
- Adult Medication Abuse Prevention

To learn more about becoming a Trained Community Partner or to register for the online training, visit www.nnepc.org and click on "New Hampshire Community Partners" or contact Melissa Heinen at heinem@mmc.org or 207-232-9832.
