From your perspective as a law enforcement officer, how have each of these substance abuse problems changed within your jurisdiction over the past 5 years?

Past 5 year Trends & Directions for:	Substantial increase	Slight increase	Unchanged	Slight decrease	Substantial decrease
Alcoholism	0%	20%	80%	0%	0%
Underage drinking	10%	70%	20%	0%	0%
Underage binge drinking	10%	40%	30%	20%	0%
Young adult binge drinking	0%	40%	60%	0%	0%
Underage tobacco use	10%	30%	60%	0%	0%
Marijuana or hashish	30%	20%	50%	0%	0%
Heroin	20%	60%	10%	0%	0%
Crack or cocaine	0%	60%	40%	0%	0%
Methamphetamine	0%	10%	80%	0%	0%
Hallucinogens such as LSD Ecstasy, PCP or peyote	0%	0%	70%	20%	0%
Inhalants or sniffed substances	0%	30%	60%	0%	0%
Prescription drugs without a doctor's orders	20%	40%	40%	0%	0%

Which of these problems do you feel need more public attention than they have been getting?

(Please mark 1 in each row)

Type of Problem	Too much attention	Attention about right	Deserves a little attention	Deserves a lot
Alcoholism	0%	36%	36%	27%
Underage drinking	0%	45%	27%	27%
Underage binge drinking	0%	45%	45%	9%
Young adult binge drinking	0%	55%	45%	0%
Underage tobacco use	0%	45%	36%	18%
Marijuana or hashish	0%	45%	27%	18%
Heroin	0%	18%	45%	36%
Crack or cocaine	0%	18%	55%	27%
Methamphetamine	0%	45%	36%	18%
Hallucinogens (LSD Ecstasy, PCP, peyote)	0%	27%	64%	9%
Inhalants or sniffed substances	0%	18%	55%	27%
Prescription drugs without doctor's orders	0%	0%	45%	55%

How easy is it for youths and young adults to get these substances?

(Please mark 1 in each row)

	Youths under legal age				Young adults under 35			
	Very easy	Fairly easy	Somewhat difficult	Very difficult	Very easy	Fairly easy	Somewhat difficult	Very difficult
(Under 18) Cigarettes	73%	18%	9%	0%				
(Under 21) alcohol	36%	45%	18%	0%				
Marijuana or hashish	36%	27%	18%	0%	27%	45%	0%	0%
Heroin	27%	36%	18%	18%	27%	18%	27%	0%
Crack or cocaine	27%	27%	27%	18%	27%	18%	27%	0%
Methamphetamine	9%	18%	55%	18%	9%	27%	36%	0%
Hallucinogens such as LSD Ecstasy, PCP or peyote	9%	27%	36%	27%	9%	27%	36%	0%
Inhalants or sniffed substances	64%	27%	9%	9%	36%	18%	9%	0%
Prescription drugs without doctor's orders	55%	0%	27%	27%	36%	18%	9%	0%

For each substance, which prevention/reduction strategies do you think might be most effective?

	Increased law enforcement	Parental education/action	Healthcare interventions	More local treatment options	Persuasive media info campaigns
Underage smoking cigarettes	45%	100%	9%	9%	55%
Underage drinking	73%	100%	0%	18%	55%
Marijuana or hashish	64%	100%	9%	0%	45%
Heroin	73%	82%	9%	18%	64%
Crack or cocaine	82%	82%	0%	18%	64%
Methamphetamine	64%	82%	0%	18%	64%
Hallucinogens (LSD Ecstasy, PCP or peyote)	64%	82%	0%	9%	55%
Inhalants or sniffed substances	36%	91%	18%	9%	55%
Prescription drugs without doctor's orders	73%	82%	45%	9%	64%
